

To Bob and Judy Stromberg

Do you remember when
you came to us with dreams
of being and doing
something you knew not where?

It was in our kitchen
and Port Allegany,
and who knows where beyond,
in pursuing your call?

Now we see what you felt
played out in church and world
to the delight of all
to whom you minister.

Singing, acting, writing,
entertaining at home,
in all these things and more
we feel God's Spirit move.

And we are moved ourselves
to praise the Sovereign One
who has molded your crafts
and multiplied their reach.

Bless you both this Lord's Day
with the warmth of our love
and depth of our respect
for all you do and are.
